Subject: Willamette Cove phone meeting results 9/14/12
Date: 09/14/2012 02:29 PM

Chip,
DEQ and OHA staff held a phone meeting this morning to discuss public comments regarding the OHA Health Consultation for the main Willamette Cove beach. We wanted to hear from EPA about next steps for the in-water and beach areas below DEQ's uplands focus. I left you a reminder message at 10:15 of our 10:00 meeting. DEQ learned that more community groups have contacted the OHA to indicate desire to be part of the stakeholders group.

We plan to hold another meeting in a couple of weeks or so. Todd Hudson (OHA) will send you a planning email to schedule the time for this next meeting. By that time, we should know how the Port of Portland plans to facilitate next steps at Willamette Cove.

Ken
